

ONDA

COLLECTION

Inspired by the movement of the wave, the ONDA Collection captures fluidity through sculptural form. Each piece translates the rise and fall of energy into marble, echoing the natural rhythm of water in motion. With soft curves and organic lines, these vases reveal how stone can embody vitality, cadence and flow. ONDA brings movement into stillness, transforming solid matter into a living gesture.

"WE WANTED TO TRANSLATE
THE MOVEMENT OF THE WAVE
INTO FORM, TO GIVE MARBLE
A SENSE OF RHYTHM, FLUIDITY
AND TRANSFORMATION."
